## DRIFIRE® RIPSTOP RELAXED STRAIGHT LEG FR PANT

PNT-RSU-BK (Black)

Built for lightweight performance without compromising durability, this pant is designed to handle tough conditions with ease. With ultra-durable ripstop fabric, it resists wear while staying light and comfortable all day long.

- **RELAXED STRAIGHT FIT**

Our roomiest option gives you more space through the seat and thigh for easier movement, all-day comfort, and dependable mobility on the job.

- **LIGHTWEIGHT DURABILITY**

6.1 oz. GlenGuard FR ripstop offers a lighter feel while helping resist tearing and ripping in demanding work environments.

- **DURABLE WHERE IT COUNTS**

Triple-needle seams and reinforced stress-point details help this pant hold up to hard wear over time.

- **UTILITY-READY STORAGE**

Cargo pockets keep essential gear close, while angled front pockets allow easier access and reduced bulk when working.

- **BUILT FOR TOUGH ENVIRONMENTS**

Designed for demanding industrial work where lightweight comfort and lasting durability both matter.

# DRIFIRE® MEASUREMENT CHART

## HOW TO MEASURE

### 1 WAIST

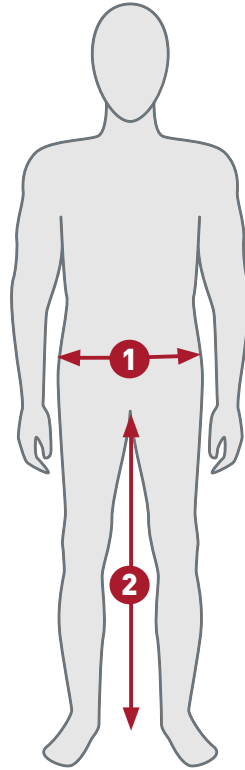

Measure around your natural waist, where your waist bends side to side.

**NOTE:** This may not be the smallest point.

### 2 INSEAM

Measure vertically, from the top of your inner thigh to the floor, without wearing shoes.

**NOTE:** Measurements are body measurements to help determine what size garment a person should order. For best results, measure over fitted undergarments. If your measurement falls between sizes, it is recommended that the larger size be purchased.
