MEASUREMENT CHART			
RECOMMENDED SIZE	BODY MEASUREMENTS		ORDER TYPE
TOP SIZE	CHEST (in)	WAIST (in)	
SM	34 ½ - 35 ½	28 - 29	Stock
MD	36 ½ - 37 ½	30 - 31	Stock
LG	39 - 40 ¾	32 ½ - 34 ¼	Stock
XL	42 ¾ - 45	36 ¼ - 38 ½	Stock
2X	47 ¼ - 49 ½	41 - 43 ½	Stock

- Tall sizes are 2" longer than regular sizes
- Tall alterations have a 1½" longer sleeve length than a regular.
- Short alterations have a 1½" shorter sleeve length than a regular

NOTE: Measurements are body measurements to help determine what size garment a person should order. For best results, measure over fitted undergarments. If your measurement falls between sizes, it is recommended that the larger size be purchased.

1 CHEST

Stand up straight with your arms relaxed at your sides. Measure around the fullest part of your chest, under your arms and across your shoulder blades, ensuring the tape is level.

2 WAIST

Measure around your natural waist, where your waist bends side to side.
NOTE: This may not be the smallest point.
